# REGULATIONS.

## Admission.

Any Candidate for Orders in the Protestant Episcopal Church in the United States may, on examination, be received as a Student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

## Examinations.

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in Classical and Hellenistic Greek; in the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A public examination of each class is held previous to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

## Matriculation.

Every Student, on being admitted to full standing, must subscribe the following declaration in the Matriculation Book of the Seminary:

“We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey

the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily effort, by pious reading, self-examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of Matriculation is determined each year by the convenience of the Bishop; occurring, however, always in the month of December.

### Seminary Year.

The Seminary Year extends from the first Thursday in October to the last Thursday in June.

It is divided into three Terms, as follows:

FALL TERM.—From 1st Thursday in October, until Christmas Day.

CHRISTMAS TERM.—From New Year's Day, until Passion Week.

EASTER TERM.—From Easter Monday, until Commencement.

During the Christmas Recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Term.

### Course of Study.

The Course of Study embraces eight Departments, and extends through Three Years, as follows:

On Monday evenings, members of the Seminary in turn read portions of the Services; one of the Middle Class reads the scheme of a sermon, and extemporizes; one of the Senior Class delivers a sermon under the direction of the Professor of Sacred Rhetoric. These exercises are attended and criticised by the Faculty and the Bishop.

LECTURES ON NATURAL SCIENCE.

Prof. Hamilton L. Smith.

A course of Lectures on Natural Science in its bearings on Natural Theology, by the Professor of Natural Science in Kenyon College, is given to the members of the Seminary, during one term of each year. The whole Course embraces three years.

Students are allowed to attend, gratuitously, any recitations in Kenyon College, provided they do not interfere with the appropriate duties of the Seminary.

**Laws.**

Theological Students are not expected to need discipline. The few laws which exist relate, principally, to what will tend to mutual convenience. A copy of these Rules is placed in each room.

Every Student is expected to obtain leave before being absent from any recitation.

**Expenses.**

No charge is made for instruction, room rent, permanent furniture, or use of Library. Text Books and moveable furniture (such as bedding, towels, &c.) are to be provided by the Students; they will be furnished to Beneficiaries.

Aid will be given to properly qualified students, by scholarships, or by the Education Committee of the Diocese.

No student is allowed to board himself in Bexley Hall.

# LAWS AND REGULATIONS.

---

## **Divisions of the Collegiate Year.**

The Collegiate Year is divided into Three Terms and three vacations.

The First Term begins ten weeks after Commencement, and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks.

For particular dates, see the College Calendar.

## **Examinations and Public Exercises.**

There is a regular examination of all the Classes at the close of each Term. To attend and report on the Examinations, a Standing Committee of twelve is annually appointed by the Diocesan Convention. The Bishop usually attends the Examinations immediately preceding Commencement. The Assistant Bishop attends all the Examinations through the year

Students who are prevented by sickness, or any other unavoidable necessity, from appearing at the regular Examination, may be examined *separately*; but no student, under any circumstances, is regarded as having made good his standing, or kept his term, till he has passed a proper examination.

## **Attendance.**

No Student is allowed to be absent during the Term, without special leave from the President and Faculty. The absence of a Student during the Term, even for a few days, interferes with his progress much more than parents and guardians commonly suppose, and they

are earnestly requested not to give their consent to any absence except for very urgent reasons. In all the departments of the Institution, Students are required to be present *at the beginning of the Term*.

Every student is required to attend punctually upon all the academical and religious exercises. In case of necessary absence from any exercise, the student must inform the officer in charge, beforehand, if possible; if not possible, he is required to present his excuse as soon as may be after the absence has occurred.

### **Religious Worship.**

Students are required to be present at Church twice on Sundays, and on such other days as the Faculty may designate, and at Daily Morning and Evening Prayers in the College Chapel.

### **Scholarship and Conduct.**

The scholarship and conduct of undergraduates are marked and reported as follows:

Every student at each recitation is marked, *unless excused*, from 0 to 10, the first symbol indicating a *total failure*, and the last a *perfect recitation*. When any one absents himself from a recitation, unexcused, he is marked 0; but if excused, and his exercise is made up, he receives his average grade.

By absence from recitation or failure to prepare a lesson, without excuse, a student will incur from *two to ten marks* of demerit; by tardiness at recitation, *one mark*; and by misconduct during recitation, from *one to five marks*.

By absence from Church, or leaving Church, without sufficient excuse, a student will incur *two marks* of demerit; by tardiness at Church, or absence from Morning or Evening Prayers, *one mark*; and by Misconduct, during Religious Service, from *one to five marks*.

The average grade of each student and marks of demerit will be reported by the President to the Parent or Guardian at the close of each term.

When any student's marks of demerit amount to *twelve*, he will be privately admonished; when they amount to *twenty-four*, he will be unmatriculated, and notice of the same will be sent to his Parent or Guardian; and when they amount to *thirty-six*, he will be liable to suspension or dismissal from the College.

### **Matriculation.**

Matriculation gives accredited membership in the Institution, and renders the student upon whom it is conferred a proper candidate for degrees and honors. No student, even after his admission to College,

is admitted to *matriculation*, until he shall have sustained a satisfactory probation of *at least* one term, and established a personal claim to the confidence of the Faculty. Should any student, after matriculation, abuse the confidence on which that act proceeds, he may be reduced to the condition of a Probationer, and further disciplined, as the occasion may require.

### Assistance.

Students having the holy Ministry in view, are assisted on making the requisite application to the Committee of the Education Society; and meritorious students of the College or the Grammar School, whose circumstances require it, may, at the discretion of the Faculty, engage in teaching, for which opportunity often occurs.

### Students' Rooms.

The rooms are sufficiently large and convenient to accommodate each two students, and are provided with stoves. No student will be allowed to room alone except by special permission, and by incurring an additional expense for rent and fuel. The occupants are held responsible for all damage done to the room during their occupancy.

### College Bill and Annual Expenses.

Tuition, \$42 per annum; Room rent, \$15; Incidentals, \$9.

When the student has been admitted to a College Class, no deduction will be made for absence.

College Bill,	-	-	-	-	-	-	-	\$66	\$66
Boarding,	-	-	-	-	-	-	-	76 to	114
Fuel,	-	-	-	-	-	-	-	15	15
Washing,	-	-	-	-	-	-	-	10 to	12
Lights,	-	-	-	-	-	-	-	6 to	8
Total,	-	-	-	-	-	-	-	\$173 to	\$215

The above estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and furniture. The price of board is, in clubs, about \$2.00, and in private houses, \$3.00, per week. Furniture and bedding can be obtained here, but when convenient, it will be well for students to bring bedding, towels, &c., from home.

Parents or Guardians will make their remittances in payment of the College Bill, including fuel, directly to M. WHITE, Esq., the College Treasurer. Other bills may be paid through the student himself, or through any member of the College Faculty. A free allowance of

money to a student is commonly dangerous to his character and scholarship; and *the liberty of purchasing articles on credit*, is by no means to be given by the Parent or Guardian without due consideration of the consequences.

## LIBRARIES AND LITERARY SOCIETIES.

---

### Libraries.

The Libraries to which the Students have access, are as follows:

- |  |                |
|--|----------------|
| 1. The Library of the SEMINARY and COLLEGE, containing about | 7,000 vols.    |
| 2. That of the PHILOMATHESIAN SOCIETY, containing            | 4,491 “        |
| 3. That of the NU PI KAPPA SOCIETY, containing               | 4,161 “        |
| Total, about   | - - - 15,652 “ |

### Literary Societies.

There are two Literary Societies, the PHILOMATHESIAN, and the NU PI KAPPA. Their beautiful and commodious Halls occupy the second and third stories of the central portion of ASCENSION HALL.

Students who may not desire to pursue the course preparatory for College, can take a partial course. The endeavor will be to impart to such students an accurate and thorough education for business.

### Divisions of the School Year.

There are three Terms and Three Vacations in each year, corresponding to the divisions of the Collegiate year. For particulars, see the College Calendar.

Boys as young as ten years of age are received into the school. The Principal is prepared, if desired to do so, to take pupils into his family, providing them with neatly-furnished rooms, board, lights, fuel, and washing, at \$90 for each of the three terms, payable in advance. This arrangement is necessary in the case of the younger pupils of the school.

The students of the Grammar School occupy rooms in the building known as MILNOR HALL, where the Principal of the school also resides. This building is large and convenient, and the grounds surrounding are extensive, and well adapted for the purposes of exercise and recreation.

Students not boarding in the family of the Principal, furnish their own rooms with every thing, except stoves. Two students occupy one room, and no one will be allowed to room alone, except by special permission, and by incurring an additional expense for rent and fuel.

### Examinations.

There is a public Examination of all the Classes at the close of each Term, which is attended by the Examining Committee, and also by the Bishop and the College Faculty.

### Government and Discipline.

The Grammar School being a Department of Kenyon College, the government of the School is committed to the College Faculty, of which the Principal of the School is a member.

The discipline, as far as possible, is parental. A careful supervision will be exercised at all times over the students in and out of their rooms; and particular attention will be paid to their habits in regard to health, morals, and general manners. Their rooms will be visited by the Principal or Assistant, at least, once each day, and the occupants of the rooms are required to keep them clean and in order. No student is allowed to be absent from his room during study hours, nor in any case later than ten o'clock in the evening.

### Religious Exercises.

The students are required to attend church twice on Sundays, on such other occasions as the Faculty may direct, and also Morning and Evening Prayers at MILNOR HALL.

### Arrangements and Expenses.

Tuition, \$36 per annum; Room rent, \$15; Incidentals, \$9.

Parents or guardians, who desire it, can make their remittances through the Principal, and subject to his control.

### Literary Societies.

Connected with the school there are two Literary Societies, the PHI-DELTA and the ATHENIAN. The members of these Societies have access to the Libraries of the College Societies.

### Annual Expenses.

School Bill,	-	-	-	-	-	-	-	\$57	\$ 57

# REGULATIONS.

---

## **Admission.**

Any Candidate for Orders in the Protestant Episcopal Church in the United States may, on examination, be received as a Student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

## **Examinations.**

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in classical and Hellenistic Greek, in the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A public examination of each class is held previous to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

## **Matriculation.**

Every Student on being admitted to full standing, must subscribe the following declaration in the Matriculation Book of the Seminary:

"We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey

the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily efforts, by pious reading, self-examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of Matriculation is determined each year by the convenience of the Bishop, occurring, however, always in the month of December.

### Seminary Year.

The Seminary Year extends from the first Thursday in October to the last Thursday in June.

It is divided into three Terms, as follows:

FALL TERM.—From 1st Thursday in October, until Christmas Day.

CHRISTMAS TERM.—From New Year's Day, until Passion Week.

EASTER TERM.—From Easter Monday, until Commencement.

During the Christmas Recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Term.

### Course of Study.

The Course of Study embraces eight Departments, and extends through Three Years, as follows:

Bishop Bedell.

**ALL THE CLASSES.**

SACRED RHETORICAL EXERCISES.

Prof. Bancroft.

On Monday evenings, members of the Seminary in turn read portions of the Services; one of the Middle Class reads the scheme of a sermon, and extemporizes; one of the Senior Class delivers a sermon under the direction of the Professor of Sacred Rhetoric. These exercises are attended and criticised by the Faculty and the Bishop.

LECTURES ON NATURAL SCIENCE.

Prof. Hamilton L. Smith.

A course of Lectures on Natural Science in its bearings on Natural Theology, by the Professor of Natural Science in Kenyon College, is given to the members of the Seminary, during one term of each year. The whole Course embraces three years.

Students are allowed to attend, gratuitously, any recitations in Kenyon College, provided they do not interfere with the appropriate duties of the Seminary.

**Laws.**

Theological Students are not expected to need discipline. The few laws which exist relate, principally, to what will tend to mutual convenience. A copy of these Rules is placed in each room.

Every Student is expected to obtain leave before being absent from any recitation.

**Expenses.**

No charge is made for instruction, room rent, permanent furniture, or use of Library. Text Books and moveable furniture (such as bedding, towels, &c.) are to be provided by the Students; they will be furnished to Beneficiaries.

Aid will be given to properly qualified students, by scholarships, or by the Education Committee of the Diocese.

No student is allowed to board himself in Bexley Hall.

# LAWS AND REGULATIONS.

---

## **Divisions of the Collegiate Year.**

The Collegiate Year is divided into Three Terms and three vacations.

The First Term begins ten weeks after Commencement, and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks.

For particular dates, see the College Calendar.

## **Examinations and Public Exercises.**

There is a Public Examination of all the Classes at the close of each Term. To attend and report on the Examinations, a Standing Committee of twelve is annually appointed by the Diocesan Convention. The Bishop usually attends the Examinations immediately preceding Commencement. The Assistant Bishop attends all the Examinations through the year.

Students who are prevented by sickness, or any other unavoidable necessity, from appearing at the Public Examination, may be examined *separately*; but no student, under any circumstances, is regarded as having made good his standing, or kept his term, till he has passed a proper examination in the studies of such term.

## **Attendance.**

No Student is allowed to be absent during the Term, without special leave from the President and Faculty. The absence of a Student during the Term, even for a few days, interferes with his progress

much more than parents and guardians commonly suppose, and they are earnestly requested not to give their consent to any absence except for very urgent reasons. In all the departments of the Institution, Students are required to be present *at the beginning of the Term*.

Every student is required to attend punctually upon all the academical and religious exercises. In case of necessary absence from any exercise, the student must inform the officer in charge, beforehand, if possible; if not possible, he is required to present his excuse as soon as may be after the absence has occurred.

### Religious Worship.

Students are required to be present at Church twice on Sundays, and on such other days as the Faculty may designate, and at Daily Morning and Evening Prayers in the College Chapel.

### Scholarship and Conduct.

The scholarship and conduct of undergraduates are marked and reported as follows:

Every student at each recitation is marked, *unless excused*, from 0 to 10, the first symbol indicating a *total failure*, and the last a *perfect recitation*; and if his average grade in any department for any term be less than 4, he is not examined in that department without further preparation. When any one absents himself from a recitation, unexcused, he is marked 0; but if excused, and his exercise is made up, he receives his average grade.

By absence from recitation or failure to prepare a lesson, without excuse, a student will incur from *two to ten marks* of demerit; by tardiness at recitation, *one mark*; and by misconduct during recitation or examination from *one to five marks*.

By absence from Church, or leaving Church without satisfactory excuse, a student will incur *two marks* of demerit; by tardiness at Church, or absence from Morning or Evening Prayers, *one mark*; and by misconduct, during Religious Service, from *one to five marks*.

The average grade of each student and marks of demerit will be reported by the President to the Parent or Guardian at the close of each term.

When any student's marks of demerit amount to *twelve*, he will be privately admonished; when they amount to *twenty four*, he will be unmatriculated, and notice of the same will be sent to his Parent or Guardian; and when they amount to *thirty-six*, he will be liable to suspension or dismissal from the College.

### Matriculation.

Matriculation gives accredited membership in the Institution, and entitles the student upon whom it is conferred to an honorable dismissal from the College, should he have occasion for it, and renders him a proper candidate for the Degrees and Honors of the College. No student, even after his admission to College, is admitted to *matriculation*, until he shall have sustained a satisfactory probation of *at least* one term, and established a personal claim to the confidence of the Faculty. Should any student, after matriculation, abuse the confidence on which that act proceeds, he may be reduced to the condition of a Probationer, and further disciplined, as the case may require.

### Assistance.

Students having the holy Ministry in view, are assisted on making the requisite application to the Committee of the Education Society; and meritorious students of the College or the Grammar School, whose circumstances require it, may, at the discretion of the Faculty, engage in teaching, for which opportunity often occurs.

### Students' Rooms.

The rooms are sufficiently large and convenient to accommodate each two students, and are provided with stoves. No student will be allowed to room alone except by special permission, and by incurring an additional expense for rent and fuel. The occupants are held responsible for all damage done to the room during their occupancy.

### College Bill and Annual Expenses.

Tuition, \$42 per annum: Room rent, \$15: Incidentals, \$10.

When the Student has been admitted to a College Class, no deduction will be made for absence.

College Bill,	-	-	-	-	-	-	-	\$67	\$67
Boarding,	-	-	-	-	-	-	-	76 to	114
Fuel,	-	-	-	-	-	-	-	15	15
Washing,	-	-	-	-	-	-	-	10 to	12
Lights,	-	-	-	-	-	-	-	6 to	8
Total,	-	-	-	-	-	-	-	\$174 to	\$216

The above estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and furniture. The price of board is, in clubs, about \$2.00, and in private houses, \$3.00, per week. Furniture and bedding can be obtained here, but when convenient, it will be well for students to bring bedding, towels, &c., from home.

Parents or Guardians will make their remittances in payment of the College Bill, including fuel, directly to M. WHITE, Esq., the College Treasurer. Other bills may be paid through the student himself, or through any member of the College Faculty. A free allowance of money to a student is commonly dangerous to his character and scholarship; and *the liberty of purchasing articles on credit*, is by no means to be given by the Parent or Guardian without due consideration of the consequences.

## LIBRARIES AND LITERARY SOCIETIES.

---

### Libraries.

The Libraries to which the Students have access are as follows:

1. The Library of the SEMINARY and COLLEGE containing about 7,000 vols.
2. That of the PHILOMATHESIAN SOCIETY, containing 4,561 "
3. That of the NU PI KAPPA SOCIETY, containing 4,257 "

---

Total, about	-	-	-	15,818	"
--------------	---	---	---	--------	---

---

### Literary Societies.

There are two Literary Societies, the PHILOMATHESIAN, and the NU PI KAPPA. Their beautiful and commodious Halls occupy the second and third stories of the central portion of ASCENSION HALL.

Religious Instruction.—Weekly lessons in the Bible.

**MODERN LANGUAGES.**

French.—Fasquelle's Grammar.

German.—Woodbury's Grammar.

Students who may not desire to pursue the course preparatory for College, can take a partial course. The endeavor will be to impart to such students an accurate and thorough education for business.

**Divisions of the School Year.**

There are three Terms and Three Vacations in each year, corresponding to the divisions of the Collegiate year. For particulars, see the College Calendar.

**Arrangement s and Expenses.**

Boys as young as ten years of age are received into the school. The Principal is prepared, if desired to do so, to take pupils into his family, providing them with neatly furnished rooms, board, lights, fuel, and washing, at \$270 per annum, payable in advance at that rate for each Term. This arrangement is necessary in the case of the younger pupils of the school.

The students of the Grammar School occupy rooms in the building known as MILNOR HALL, where the Principal of the school also resides. This building is large and convenient, and the grounds surrounding are extensive, and well adapted for the purposes of exercise and recreation.

Students not boarding in the family of the Principal, furnish their own rooms with everything, except stoves. Two students occupy one room, and no one will be allowed to room alone, except by special permission, and by incurring an additional expense for rent and fuel.

**Examinations.**

There is a Public Examination of all the Classes at the close of each Term, which is attended by the Examining Committee, and also by the Bishop and the College Faculty.

**Government and Discipline.**

The Grammar School being a Department of Kenyon College, the government of the School is committed to the College Faculty, of which the Principal of the School is a member.

The discipline, as far as possible, is parental. A careful supervision will be exercised at all times over the students in and out of their rooms; and particular attention will be paid to their habits in regard to health, morals, and general manners. Their rooms will be visited by the Principal or Assistant, at least, once each day, and the

occupants of the rooms are required to keep them clean and in order. No student is allowed to be absent from his room during study hours, nor in any case later than ten o'clock in the evening.

### Religious Exercises.

The students are required to attend church twice on Sundays, on such other occasions as the Faculty may direct, and also Morning and Evening Prayers at MILNOR HALL.

### Expenses.

Tuition, \$36 per annum; Room rent, \$15; Incidentals, \$9.

Parents or Guardians, who desire it, can make their remittances through the Principal, and subject to his control.

### Annual Expenses.

School Bill,	-	-	-	-	-	-	\$57	\$ 57
Boarding,	-	-	-	-	-	-	76 to	114
Fuel,	-	-	-	-	-	-	15	15
Washing,	-	-	-	-	-	-	10 to	12
Lights,	-	-	-	-	-	-	6 to	8
Total,							<hr/> \$164 to \$206	

For students boarding with the Principal, as above mentioned, \$270.

This estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and furniture.

### Literary Societies.

Connected with the school there are two Literary Societies, the PHI-DELTA and the ATHENIAN. The members of these Societies have access to the Libraries of the College Societies.

# REGULATIONS.

---

## **Admission.**

Any Candidate for Orders in the Protestant Episcopal Church in the United States may, on examination, be received as a Student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

## **Examinations.**

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in classical and Hellenistic Greek, in the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A public examination of each class is held previous to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

## **Matriculation.**

Every Student on being admitted to full standing, must subscribe the following declaration in the Matriculation Book of the Seminary:

"We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily efforts, by pious reading, self-examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of Matriculation is determined each year by the convenience of the Bishop, occurring, however, always in the month of December.

### Seminary Year.

The Seminary Year extends from the first Thursday in October to the last Thursday in June. It is divided into three Terms, as follows :

**FALL TERM.**—From 1st Thursday in October, until Christmas Day.

**CHRISTMAS TERM.**—From New Year's Day, until Passion Week.

**EASTER TERM.**—From Easter Monday, until Commencement.

During the Christmas Recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Term.

### Course of Study.

The Course of Study embraces eight Departments, and extends through Three Years, as follows :

SACRED RHETORICAL EXERCISES.	Prof. Bancroft.
------------------------------	-----------------

On Monday evenings, members of the Seminary in turn read portions of the Services; one of the Middle Class reads the scheme of a sermon, and extemporizes; one of the Senior Class delivers a sermon under the direction of the Professor of Sacred Rhetoric. These exercises are attended and criticised by the Faculty and the Bishop.

## LECTURES ON NATURAL SCIENCE AND THEOLOGY.

A course of Lectures on Natural Theology in connection with Science, and with special reference to recent objections, is given by Prof. Gardiner to the members of the Seminary, during one term of each year. The whole course embraces two years. Occasional Lectures are also given in furtherance

of the same object by Prof. Hamilton L. Smith, the Professor of Natural Science in Kenyon College.

Students are allowed to attend, gratuitously, any recitations in Kenyon College, provided they do not interfere with the appropriate duties of the Seminary.

### **Laws.**

Theological Students are not expected to need discipline. The few laws which exist relate, principally, to what will tend to mutual convenience. A copy of these Rules is placed in each room.

Every Student is expected to obtain leave before being absent from any recitation.

### **Expenses.**

No charge is made for instruction, room rent, permanent furniture, or use of Library. Text Books and moveable furniture (such as bedding, towels, &c.,) are to be provided by the Students; they will be furnished to Beneficiaries.

Aid will be given to properly qualified students, by scholarships, or by the Education Committee of the Diocese.

No Student is allowed to board himself in Bexley Hall.

# LAWS AND REGULATIONS.

---

## **Divisions of the Collegiate Year.**

The Collegiate Year is divided into Three Terms and three vacations.

The First Term begins ten weeks after Commencement, and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks

For particular dates, see the College Calendar.

## **Examinations and Public Exercises.**

There is a Public Examination of all the Classes at the close of each Term. To attend and report on the Examinations, a Standing Committee of twelve is annually appointed by the Diocesan Convention. The Bishop usually attends the Examinations immediately preceding Commencement. The Assistant Bishop attends Examinations through the year.

Students who are prevented by sickness, or any other unavoidable necessity, from appearing at the Public Examination, may be examined *separately*, but only after the Public Examination; and no student, under any circumstances, is regarded as having made good his standing, or kept his term, till he has passed a proper examination in the studies of such term.

## **Attendance.**

No Student can be absent during the Term, without special leave from the President and Faculty. The absence of a Student during the Term, even for a few days, interferes with his progress much more

than parents and guardians commonly suppose, and they are earnestly requested not to give their consent to any absence except for very urgent reasons. In all the departments of the Institution, Students are required to be present *at the beginning of the Term*.

Every student is required to attend punctually upon all the academical and religious exercises. In case of necessary absence from any exercise, the student must inform the officer in charge, beforehand, if possible; if not possible, he is required to present his excuse as soon as may be after the absence has occurred.

### Religious Worship.

Students are required to be present at Church twice on Sundays, and on such other days as the Faculty may designate, and at Daily Morning and Evening Prayers in the College Chapel.

### Scholarship and Conduct.

The Scholarship and conduct of undergraduates are marked and reported as follows:

Every student at each recitation is marked, *unless excused*, from 0 to 10, the first symbol indicating a *total failure*, and the last a *perfect recitation*; and if his average grade in any department for any term be less than 4, he is not examined in that department without further preparation. When any one absents himself from a recitation, unexcused, he is marked 0; but if excused, and his exercise is made up, he receives his average grade.

By absence from recitation or failure to prepare a lesson, without excuse, a student will incur from *two to ten marks* of demerit; by tardiness at recitation, *one mark*; and by misconduct during recitation or examination from *one to five marks*.

By absence from Church, or leaving Church without satisfactory excuse, a student will incur *two marks* of demerit; by tardiness at Church, or absence from Morning or Evening Prayers, *one mark*; and by misconduct, during Religious Service, from *one to five marks*.

The average grade of each student and marks of demerit will be reported by the President, to the Parent or Guardian at the close of each term.

When any student's marks of demerit amount to *twelve*, he will be privately admonished; when they amount to *twenty-four*, he will be unmatriculated, and notice of the same will be sent to his Parent or Guardian; and when they amount to *thirty-six*, he will be liable to suspension or dismissal from the College.

### Matriculation.

Matriculation gives accredited membership in the Institution, and entitles the student upon whom it is conferred to an honorable dismissal from the College, should he have occasion for it, and renders him a proper candidate for the Degrees and Honors of the College. No student, even after his admission to College, is admitted to *matriculation*, until he shall have sustained a satisfactory probation of *at least* one term, and established a personal claim to the confidence of the Faculty. Should any student, after matriculation, abuse the confidence on which that act proceeds, he may be reduced to the condition of a Probationer, and further disciplined, as the case may require.

### Assistance.

Students having the holy Ministry in view, are assisted on making the requisite application to the Committee of the Education Society; and meritorious students of the College or the Grammar School, whose circumstances require it, may, at the discretion of the Faculty, engage in teaching, for which opportunity often occurs. The Tuition is remitted to sons of such Clergy as belong to the Diocese, if they desire it.

### Students' Rooms.

The rooms are sufficiently large and convenient to accommodate each two students, and are provided with stoves. No student will be allowed to room alone except by special permission, and by incurring an additional expense for rent and fuel. The occupants are held responsible for all damage done to the room during their occupancy.

### College Bill and Annual Expenses.

Tuition, \$42: Room-rent, \$15: Incidentals, \$10: payable one-third at the beginning of each term.

When the Student has been admitted to a College Class, no deduction will be made for absence.

College Bill,	-	-	-	-	\$67	\$67
Boarding,	-	-	-	-	97	to 152
Fuel,	-	-	-	-	20	20
Washing,	-	-	-	-	10	to 13
Lights, when shared by two Students,					3	to 4
Total,	-	-	-	-	\$197	to \$256

The above estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and of furniture. The price of board is, in clubs, about \$2.50, and in private

houses, \$4.00, per week. Furniture and bedding can be obtained here, but when convenient, it will be well for students to bring bedding, towels, &c., from home.

Parents or Guardians will make their remittances in payment of the College Bill, including fuel, directly to M. WHITE, Esq., the College Treasurer. Other bills may be paid through the student himself, or through any member of the College Faculty. A free allowance of money to a student is commonly dangerous to his character and scholarship; and *the liberty of purchasing articles on credit*, is by no means to be given by the Parent or Guardian without due consideration of the consequences.

## LIBRARIES AND LITERARY SOCIETIES.

---

### Libraries.

The Libraries to which the Students have access are as follows:

- |  |                 |
|--|-----------------|
| 1. The Library of the SEMINARY and COLLEGE con-<br>taining about | 7,000 vols.     |
| 2. That of the PHILOMATHESIAN SOCIETY, containing                | 4,175 "         |
| 3. That of the NU PI KAPPA SOCIETY, containing                   | 4,036 "         |
| Total, about . . . . .   | <u>15,211</u> " |
- 

### Literary Societies.

There are two Literary Societies, the PHILOMATHESIAN, and the NU PI KAPPA. Their beautiful and commodious Halls occupy the second and third stories of the central portion of ASCENSION HALL.

### **Divisions of the School Year,**

There are Three Terms and Three Vacations in each year, corresponding to the divisions of the Collegiate year. For particulars, see the College Calendar.

### **Arrangements and Expenses.**

Boys as young as ten years of age are received into the school. The Principal is prepared, if desired to do so, to take pupils into his family, providing them with neatly furnished rooms, board, lights, fuel, and washing, at \$300 per annum, payable in advance at that rate for each Term. This arrangement is necessary in the case of the younger pupils of the school. Each pupil is expected to bring with him sheets, pillow-cases, towels and table-napkins.

The students of the Grammar School occupy rooms in the building known as MILNOR HALL, where the Principal of the school also resides. This building is large and convenient, and the grounds surrounding are extensive, and well adapted for the the purpose of exercise and recreation.

Students not boarding in the family of the Principal, furnish their own rooms with everything, except stoves. Two students occupy one room, and no one will be allowed to room alone, except by special permission, and by incurring an additional expense for rent and fuel.

### **Examinations.**

There is a Public Examination of all the Classes at the close of each Term, which is attended by the Examining Committee, and also by the Bishop and the College Faculty.

### **Government and Discipline.**

The Grammar School being a Department of Kenyon College, the government of the School is committed to the College Faculty, of which the Principal of the School is a member.

The discipline, as far as possible, is parental. A careful supervision will be exercised at all times over the students in and out of their rooms; and particular attention will be paid to their habits in regard to health, morals, and general manners. Their rooms will be visited by the Principal or Assistant occasionally, and the occupants of the rooms are required to keep them clean and in order. No student is allowed to be absent from his room during study hours, nor in any case later than ten o'clock in the evening.

**Religious Exercises.**

The students are required to attend church twice on Sundays, on such other occasions as the Faculty may direct, and also Morning and Evening Prayers at MILNOR HALL.

**Expenses.**

Tuition, \$36 ; Room rent, \$15 ; Incidentals, \$9 ; payable one-third at the beginning of each Term.

The Tuition is remitted to sons of such Clergy as belong to the Diocese, if they desire it.

Parents or Guardians, who desire it, can make their remittances through the Principal, and subject to his control.

**Annual Expenses.**

School Bill,	-	-	-	-	-	-	-	-	\$60	\$ 60
Boarding,	-	-	-	-	-	-	-	-	97 to	152
Fuel,	-	-	-	-	-	-	-	-	15	15
Washing,	-	-	-	-	-	-	-	-	10 to	12
Lights,	-	-	-	-	-	-	-	-	6 to	8
Total,	-	-	-	-	-	-	-	-	\$188 to	\$247

For students boarding with the Principal, as above mentioned, \$300.

This estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and furniture.

**Literary Societies.**

Connected with the school there are two Literary Societies, the PHI DELTA and the ATHENIAN. The members of these societies have access to the Libraries of the College Societies.

# REGULATIONS.

---

## Admission.

Any Candidate for Orders in the Protestant Episcopal Church in the United States may, on examination, be received as a Student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

## Examinations.

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in classical and Hellenistic Greek, in the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A public examination of each class is held previous to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

## Matriculation.

Every Student on being admitted to full standing, must subscribe the following declaration in the Matriculation Book of the Seminary:

"We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily efforts, by pious reading, self-examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of Matriculation is determined each year by the convenience of the Bishop, occurring, however, always in the month of December.

### Seminary Year.

The Seminary Year extends from the first Thursday in October to the last Thursday in June. It is divided into three Terms, as follows :

FALL TERM.—From 1st Thursday in October, until Christmas Day.

CHRISTMAS TERM.—From New Year's Day, until Passion Week.

EASTER TERM.—From Easter Monday, until Commencement.

During the Christmas Recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Term.

### Course of Study.

The Course of Study embraces eight Departments, and extends through Three Years, as follows :

SACRED RHETORICAL EXERCISES.	Prof. Bancroft.
------------------------------	-----------------

On Monday evenings, members of the Seminary in turn read portions of the Services; one of the Middle Class reads the scheme of a sermon, and extemporizes; one of the Senior Class delivers a sermon under the direction of the Professor of Sacred Rhetoric. These exercises are attended and criticised by the Faculty and the Bishop.

## LECTURES ON NATURAL SCIENCE AND THEOLOGY.

A course of Lectures on Natural Theology in connection with Science, and with special reference to recent objections, is given by Prof. Gardiner to the members of the Seminary, during one term of each year. The whole course embraces two years. Occasional Lectures are also given in furtherance

of the same object by Prof. Hamilton L. Smith, the Professor of Natural Science in Kenyon College.

Students are allowed to attend, gratuitously, any recitations in Kenyon College, provided they do not interfere with the appropriate duties of the Seminary.

### **Laws.**

Theological Students are not expected to need discipline. The few laws which exist relate, principally, to what will tend to mutual convenience. A copy of these Rules is placed in each room.

Every Student is expected to obtain leave before being absent from any recitation.

### **Expenses.**

No charge is made for instruction, room rent, permanent furniture, or use of Library. Text Books and moveable furniture (such as bedding, towels, &c.,) are to be provided by the Students; they will be furnished to Beneficiaries.

Aid will be given to properly qualified students, by scholarships, or by the Education Committee of the Diocese.

No Student is allowed to board himself in Bexley Hall.

# LAWS AND REGULATIONS.

---

## **Divisions of the Collegiate Year.**

The Collegiate Year is divided into Three Terms and Three Vacations.

The First Term begins ten weeks after Commencement, and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks.

For particular dates, see the College Calendar.

## **Examinations and Public Exercises.**

There is a Public Examination of all the Classes at the close of each Term. To attend and report on the Examinations, a Standing Committee of twelve is annually appointed by the Diocesan Convention. The Bishop usually attends the Examinations immediately preceding Commencement. The Assistant Bishop attends Examinations through the year.

Students who are prevented by sickness, or any other unavoidable necessity, from appearing at the Public Examination, may be examined *separately*, but only after the Public Examination; and no student, under any circumstances, is regarded as having made good his standing, or kept his term, till he has passed a proper examination in the studies of such term.

## **Attendance.**

No Student can be absent during the Term, without special leave from the President and Faculty. The absence of a Student during the Term, even for a few days, interferes with his progress much more than parents and guardians commonly suppose, and they are earnestly requested not to give

their consent to any absence except for very urgent reasons. In all the departments of the Institution, Students are required to be present *at the beginning of the Term.*

Every student is required to attend punctually upon all the academical and religious exercises. In case of necessary absence from any exercise, the student must inform the officer in charge, beforehand, if possible; if not possible, he is required to present his excuse as soon as may be after the absence has occurred.

### Religious Worship.

Students are required to be present at Church twice on Sundays, and on such other days as the Faculty may designate, and at Daily Morning and Evening Prayers in the College Chapel.

### Scholarship and Conduct.

The Scholarship and conduct of undergraduates are marked and reported as follows:—

Every student at each recitation is marked, *unless excused*, from 0 to 10, the first symbol indicating a *total failure*, and the last a *perfect recitation*; and if his average grade in any department for any term be less than 4, he is not examined in that department without further preparation. When any one absents himself from a recitation, unexcused, he is marked 0; but if excused, and his exercise is made up, he receives his average grade.

By absence from recitation or failure to prepare a lesson, without excuse, a student will incur from *two to ten marks* of demerit; by tardiness at recitation, *one mark*; and by misconduct during recitation or examination from *one to five marks*.

By absence from Church, or leaving Church without satisfactory excuse, a student will incur *two marks* of demerit; by tardiness at Church, or absence from Morning or Evening Prayers, *one mark*; and by misconduct, during Religious Service, from *one to five marks*.

The average grade of each student and marks of demerit will be reported by the President, to the Parent or Guardian at the close of each term.

When any student's marks of demerit amount to *twelve*, he will be privately admonished; when they amount to *twenty-four*, he will be unmatriculated and notice of the same will be sent to his Parent or Guardian; and when they amount to *thirty-six*, he will be liable to suspension or dismissal from the College.

### Matriculation.

Matriculation gives accredited membership in the Institution, and entitles the student upon whom it is conferred to an honorable dismissal from the

College, should he have occasion for it, and renders him a proper candidate for the Degrees and Honors of the College. No student, even after his admission to College, is admitted to *matriculation*, until he shall have sustained a satisfactory probation of *at least* one Term, and established a personal claim to the confidence of the Faculty. Should any student, after matriculation, abuse the confidence on which that act proceeds, he may be reduced to the condition of a Probationer, and further disciplined, as the case may require.

### Assistance.

Students having the holy Ministry in view, are assisted on making the requisite application to the Committee of the Education Society ; and meritorious students of the College or the Grammar School, whose circumstances require it, may, at the discretion of the Faculty, engage in teaching, for which opportunity often occurs. The Tuition is remitted to sons of such Clergy as belong to the Diocese, if they desire it.

### Students' Rooms.

The rooms are sufficiently large and convenient to accommodate each two students, and are provided with stoves. No student will be allowed to room alone except by special permission, and by incurring an additional expense for rent and fuel. The occupants are held responsible for all damage done to the room during their occupancy.

### College Bill and Annual Expenses.

Tuition, \$42 : Room-rent, \$15 : Incidentals, \$10 : payable one-third at the beginning of each term.

When the student has been admitted to a College Class, no deduction will be made for absence.

College Bill,	-	-	-	-	-	-	\$67	\$67
Boarding,	-	-	-	-	-	-	114	to 152
Fuel,	-	-	-	-	-	-	20	20
Washing,	-	-	-	-	-	-	10	to 13
Lights, when shared by two Students,	-	-	-	-	-	-	3	to 4
							<hr/>	
Total,	-	-	-	-	-	-	\$214	to \$256

The above estimate for the annual expenses of each student is exclusive of expenses in vacations, also of the cost of text books, and of furniture. The price of Board is, in clubs, about \$3.00, and in private houses, \$4.00 per week. Furniture and bedding can be obtained here, but when convenient, it will be well for students to bring bedding, towels, &c., from home.

Parents or Guardians will make their remittances in payment of the College Bill, including fuel, directly to M. WHITE, Esq., the College Treasurer. Other bills may be paid through the student himself, or through any member of the College Faculty. A free allowance of money to a student is commonly dangerous to his character and scholarship ; and *the liberty of purchasing articles on credit*, is by no means to be given by the Parent or Guardian without due consideration of the consequences.

## LIBRARIES AND LITERARY SOCIETIES.

---

### Libraries.

The Libraries to which the Students have access are as follows :

1. The Library of the SEMINARY and COLLEGE containing about 7,000 vols.
2. That of the PHILOMATHESIAN SOCIETY, containing 4,300 “
3. That of the NU PI KAPPA SOCIETY, containing 4,186 “

---

Total,	-	-	.	-	-	-	15,486	“
--------	---	---	---	---	---	---	--------	---

---

### Literary Societies.

There are two Literary Societies, the PHILOMATHESIAN, and the NU PI KAPPA. Their beautiful and commodious Halls occupy the second and third stories of the central portion of ASCENSION HALL.

### **Divisions of the School Year.**

There are Three Terms and Three Vacations in each year, corresponding to the divisions of the Collegiate year. For particulars, see the College Calendar.

### **Arrangements and Expenses.**

Boys as young as ten years of age are received into the school. The Principal is prepared, if desired to do so, to take pupils into his family, providing them with neatly furnished rooms, board, lights, fuel, and washing, at \$300 per annum, payable in advance at that rate for each Term. This arrangement is necessary in the case of the younger pupils of the school. Each pupil is expected to bring with him sheets, pillow-cases, towels, and table-napkins.

The students of the Grammar School occupy rooms in the building known as MILNOR HALL, where the Principal of the school also resides. This building is large and convenient, and the grounds surrounding are extensive, and well adapted for the the purposes of exercise and recreation.

Students not boarding in the family of the Principal, furnish their own rooms with everything, except stoves. Two students occupy one room, and no one will be allowed to room alone, except by special permission, and by incurring an additional expense for rent and fuel.

### **Examinations.**

There is a Public Examination of all the Classes at the close of each Term, which is attended by the Examining Committee, and also by the Bishop and the College Faculty.

### **Government and Discipline.**

The Grammar School being a Department of Kenyon College, the government of the School is committed to the College Faculty, of which the Principal of the School is a member.

The discipline is, as far as possible, parental. A careful supervision will be exercised at all times over the students in and out of their rooms; and particular attention will be paid to their habits in regard to health, morals, and general manners. Their rooms will be visited by the Principal or Assistant occasionally, and the occupants of the rooms are required to keep them clean and in order. No student is allowed to be absent from his room during study hours, nor in any case later than ten o'clock in the evening.

**Religious Exercises.**

The students are required to attend church twice on Sundays, on such other occasions as the Faculty may direct, and also Morning and Evening Prayers at MILNOR HALL.

**Expenses.**

Tuition, \$36 ; Room rent, \$15 ; Incidentals, \$9 ; payable one-third at the beginning of each Term.

The Tuition is remitted to sons of such Clergy as belong to the Diocese, if they desire it.

Parents or Guardians, who desire it, can make their remittances through the Principal, and subject to his control.

**Annual Expenses.**

School Bill,	-	-	-	-	-	-	\$60	\$ 60
Boarding,	-	-	-	-	-	-	114 to	152

Lights,	-	-	-	-	-	-	6 to	8
								<hr/>
Total,	-	-	-	-	-	-	\$205 to	\$247

For students boarding with the Principal, as above mentioned, \$300.

**Literary Societies.**

Connected with the School there are two Literary Societies, the PHI DELTA and the ATHENIAN. The members of these Societies have access to the Libraries of the College Societies.

# REQUISITES FOR ADMISSION.

---

Candidates for admission to the Freshman Class must sustain an examination in the following studies :—

## LATIN.

Grammar—Andrews and Stoddard's Latin Grammar, including Prosody.

Cæsar's Commentaries, Three Books.

Cicero, the Four Orations against Catiline.

Virgil's *Æneid*, Four Books.

## GREEK.

Grammar—Sophocles's, Crosby's, or Hadley's Greek Grammar, including Prosody.

Xenophon's *Anabasis*, Three Books.

Homer's *Iliad*, One Book.

## MATHEMATICAL.

Arithmetic.

Algebra—The whole of Ray's *Elementary Algebra*, or Ray's *Higher Algebra*, to Chap. vi.

Geometry—The First Book of Davies' *Legendre*, or its full equivalent.

## ENGLISH.

English Grammar.

Modern Geography.

Ancient Geography—Mitchell's.

Ancient History—Worcester's *Elements*, the parts relating to Greece and Rome.

Fair equivalents for the prescribed requisites will be accepted.

## TIME AND CONDITIONS OF EXAMINATION.

---

**TIME.**—The regular examination for admission to College takes place on the Tuesday preceding Commencement, beginning at 8 o'clock A. M. The Candidates assemble in the President's Room in Ascension Hall. Another examination will be held on the day before the opening of the Fall Term, Wednesday, Sept. 2d. 1868, the candidates assembling at the same hour and place. Students may also be examined for an advanced standing at any time during the Collegiate terms. No one can be admitted to the Senior Class after the commencement of the second term.

**TESTIMONIALS.**—Candidates for admission must present to the President testimonials of good moral character from the Instructor whom they last attended; and if they come from other Colleges, certificates of dismissal in good standing.

**ADVANCED STANDING.**—Candidates for advanced standing will be examined in the studies previously pursued by the classes which they propose to enter. In the case of students with certificates of honorable dismissal from other Colleges, the Faculty *may at their discretion* remit the entrance examination.

**CONDITIONS.**—Candidates who are admitted at the regular examination *with conditions*, must make up their deficiencies during the summer vacation, and must sustain a second examination at the opening of the Fall Term, before proceeding with the studies of their class. Those who are admitted with conditions at the second examination, must be in full standing at the opening of the Second Term. No student will, under any circumstances, be allowed to *matriculate* whose conditions remain uncanceled.

## HINTS AS TO PREPARATION.

---

The requirements for admission have been made as moderate as possible, in the hope of securing a reasonable degree of thoroughness in preparation. The difficulty which the College has experienced has not been that of obtaining the *nominal amount* of preparation, but of securing in applicants that exactness of elementary knowledge without which it is impossible to pursue with either profit or pleasure the studies of an advanced course. Too often the Instructor is baffled and discouraged by the discovery of unexpected ignorance, and is compelled to lay again the foundations upon which he had expected to build. The following suggestions as to the preparatory course are made in the earnest hope of raising the quality of the entrance examinations. Upon a faithful observance of the prescriptions depends, to a large extent, the success of the student in College.

Devote three years to the work of special preparation. Very few young men are able to master the *principia* in shorter time. Eschew all *short-cuts* and *patent* systems of instruction. In

### LATIN

Begin and end with the Grammar. Andrews and Stoddard's, or Harkness's, or Bullions and Morris's (Sheiden's new edition), will do. Let the student become thoroughly familiar with his Grammar, and use it incessantly till the hour of his College examination. In connection with the Grammar, some elementary Reader, as Arnold's First Latin Book, edited by Harkness, or Bullions and Morris's Latin Lessons, should first be taken up. The exercises should both be written and repeated orally. Parse every word; practise continually in the declensions of nouns, adjectives, and pronouns, and the conjugations of verbs; apply faithfully the rules of syntax; and *keep up a systematic drill of this sort to the last*. Review each day the lesson of the day previous, and at frequent intervals secure the ground already passed over by rapid reviews of a more extended character. This principle of constant reviewing is regarded as of the highest importance.

Cæsar's Commentaries should not be read without constant

reference to Ancient Geography. The young student should learn to trace the movements of the great General with all the interest with which he would follow a modern campaign. Let the lessons at first be very short, and let them never be increased to a length which shall cause the *quality* of the recitations to deteriorate.

The history of the Catilinarian Conspiracy should be read before the Orations of Cicero are taken up. Cicero furnishes capital material for the analysis of sentences. Attention should be given to the nicer points of syntax; and it is particularly desired that the many important functions of the *subjunctive mood* should be accurately observed. The practice of translating simple English sentences into Latin should have been begun before this; take up now Arnold's Latin Prose Composition, and write two exercises a week, say forty-four exercises, as far as the Passive Voice. These exercises should be carefully corrected by a competent Instructor, and afterwards repeated orally.

In studying Virgil, the differences between poetry and prose in the construction of words and their order should be noted. It has caused surprise that Latin Prosody should in most cases be entirely neglected. Let the student understand that without a thorough knowledge of the laws of quantity and a ready ability to scan accurately, it is impossible to appreciate the beauty of the Virgilian verse.

To the study of

#### GREEK

The same remarks may be applied, *mutatis mutandis*.

Sophocles's Grammar is, on the whole, preferred; but Hadley's, Crosby's, and Bullions and Kendrick's (new edition) are all good.

Some simple Reader, or Companion Book of Exercises, should be used in connection with the Grammar. But it is not worth while to linger very long on elementary sentences.

Begin soon with the Anabasis, applying the Grammar as indicated in the previous section, and making a careful use of the grammatical hints contained in the notes. The caution must be repeated, to make the lessons at first very short, and never to allow the increase of length to outstrip the possibility

of thorough preparation. Use Arnold's Greek Prose Composition as was advised with reference to Latin Prose, and let the exercises be prepared in a similar manner.

In reading Homer, all archaic and epic forms should be noticed with especial care. The scanning should be practised as in Virgil. The principles of Homeric Prosody are so few and simple that the intelligent student will find no difficulty in mastering the rhythm.

The facilities for preparation in

#### MATHEMATICS

Are so abundant that the full measure of the requirements will in all cases be expected. Especial thoroughness is demanded in Algebra, as success in the higher Mathematics is absolutely dependent upon a clear comprehension and ready handling of algebraic processes. Four chapters of Davies' Bourdon will be an adequate amount,—or, what is perhaps better, a familiar acquaintance with the *whole* of any good Elementary Algebra. The amount of Geometry required has been already stated.

#### ENGLISH BRANCHES, &c.

A knowledge of English Grammar and of Modern Geography is assumed, (oftentimes a groundless assumption).

The examination in Ancient History will be rigid. Nine candidates out of every ten have heretofore been "conditioned" in this study. It is really impossible to understand and appreciate the classical authors without at least a general knowledge of Greek and Roman History. The study should be pursued in connection with Ancient Geography. *Use the Atlas.* Mitchell's is the best cheap one. A Hand-Book of Mythology, (Baird's Classical Manual,) should be studied in connection with Virgil and Homer. Finally, a good Classical Dictionary and a Dictionary of Antiquities are as necessary to a sub-Freshman as they are to an Undergraduate.

## DEPARTMENTS OF INSTRUCTION.

---

### **I.—English Literature, History, and Political Economy.**

The direct study of the English Language is begun in the Sophomore Year, by a course of instruction in the Art of Composition, with practical comments on Style and the construction of Periods. One Term of the Junior Year is devoted to English Etymology, the derivation of words and their historical changes of meaning. The English Classics are studied throughout the Senior Year. Shaw's later Manual, with Dr. Smith's notes, is made the basis of instruction; at the same time that an effort is made to introduce the student to a personal acquaintance with at least the greater monuments of our Literature.

The study of Grecian and Roman History is pursued during the first and second years. The text-books used are Liddell's History of Rome and Smith's History of Greece. In connection with these, the student is referred to the following:

Grote's History of Greece;  
Arnold's History of Rome;  
Merivale's History of the Romans.

For collateral reading during the third and fourth years, the following works are earnestly recommended:

Guizot's History of Civilization in Europe;  
Guizot's History of Civilization in France;  
Macaulay's Essays;  
Hallam's Constitutional History of England.

The "Student's Hume" will be found a very convenient and serviceable Hand-Book of English History.

Lectures on the History of Ancient and Modern Philosophy are given to the Senior Class.

The study of Political Economy is pursued during the Senior Year. It is hoped that increasing attention will be given to this growingly important branch.

## II.—Logic and Rhetoric.

Logic is taught in the Junior Year. Whately's "Elements" has been found on trial the most convenient and attractive Manual; but his work is used rather as a point of departure than as a text-book. Euler's and Hamilton's Systems of Notation are employed; and frequent use is made of Thomson's "Outline of the Laws of Thought."

Logic is followed, also in the Junior Year, by Rhetoric, Whately's treatise being again employed.

The practice in Original Composition and in Declamation is constant. Once a week the Senior and Junior Classes deliver Orations and Essays before the whole College, their manuscripts having been previously corrected by the Professor in charge. These performances are subjected to the criticism of the whole Faculty. The Sophomores are required to write Themes throughout the year; and the Freshmen either write Compositions or receive instruction in Elocution.

The regular instruction in this department is supplemented by the practice of the students themselves in their Literary Societies. The efficiency of this voluntary discipline has been observed with great pleasure by the government of the College.

## III.—Greek Language and Literature.

The Greek Course covers three complete years. The system of advance can best be traced by a brief tabular view.

FIRST YEAR.—Homer's Iliad (two terms); Herodotus.

During this year the Grammar is reviewed, frequent exercises are given in scanning, and the archaisms in form and construction carefully noted.

SECOND YEAR.—Plato's Apology of Socrates; the Orations of Æschines and Demosthenes on the Crown.

THIRD YEAR.—The Alcestis of Euripides; the Oedipus Tyrannus of Sophocles; the Tragic Metres; Thucydides.

The following Books are recommended for reference in the Classical Department, (Latin and Greek).

Kuehner's Greek Grammar;

Zumpt's Latin Grammar;

Doederlein's Latin Synonyms;

Browne's Histories of Greek and Roman Literature.

Smith's Dictionaries of Antiquities, Geography, Biography, and Mythology;  
Long's Ancient Atlas.

The Lexicons used are Liddell and Scott's Greek, and Andrews' Latin.

#### **IV.—Latin Language and Literature.**

The following general outline is followed;—though neither in Latin nor in Greek is the course limited to any fixed selection of authors, but may be varied at the pleasure of the Instructor.

FIRST YEAR.—Virgil's Georgics, with a review of the Grammar and Prosody; One of the longer Orations of Cicero; Selections from Cicero's Writings on the Immortality of the Soul.

SECOND YEAR.—Livy, Twenty-First Book (Hannibal's Invasion of Italy); Horace's Odes and Epistles.

THIRD YEAR.—Horace's Satires; Exercises in Latin Composition and Versification; Tacitus, Germania and Agricola; Cicero de Officiis.

It cannot be too carefully borne in mind that the advantages to be reaped from an advanced course in the Classics are, in general, proportionate to the thoroughness with which the student has been grounded in the languages before coming to College.

#### **V.—Natural Philosophy and Chemistry.**

Two Terms of the Junior Year are devoted to the study of Physics, Silliman's Principles being employed as a text-book. The recitations are accompanied by experiments. Optics and Acoustics are included in the course.

The course in Chemistry is given alternately during the Junior and Senior Years. The instruction consists both of Lectures, illustrated by experiments, and also of recitations, in connection with which the student receives practice in the solution of chemical problems.

The apparatus at the disposal of the department is ample, and contributes largely to the value of the instruction.

#### **VI.—Mathematics.**

The Mathematical Course, like the Classical, covers three years. The studies are pursued according to the following programme:

FIRST YEAR.—Algebra, Ray's, Part II; Plane and Solid Geometry, Davies's Legendre.

SECOND YEAR.—Algebra, completed; Spherical Geometry; Plane and Spherical Trigonometry; Mensuration of Surfaces and Solids; Descriptive Geometry; Surveying.

THIRD YEAR.—Conic Sections, Jackson's; Analytical Geometry; Differential Calculus, Davies's; Integral Calculus.

In surveying, the theoretical instruction is accompanied by practice in the use of instruments in the field. The students are required to make accurate surveys, and construct plats of fields, as assigned by the Instructor.

### VII.—Astronomy and Geology.

Astronomy is studied both in the Junior and Senior Years. Snell's Olmsted is used as a text book. The construction of Instruments is taught, both theoretically, and, when desired, practically. The students have the privilege, under the supervision of the Professor, of using the instruments of the Observatory.

The Scientific instruction terminates in the Senior Year, by a course in Geology. Dana's Manual is employed as a text-book, and ample illustration is given by maps, diagrams, models, and geological specimens. It has been customary to put into practice the instruction of the lecture-room by a geological tour, of greater or less extent, towards the close of the Senior Year.

Great advantages are offered for instruction in the use of the Microscope. Private classes in Microscopy have been formed when desired.

### VIII.—Moral and Metaphysical Philosophy.

Philosophy is taught during the Senior Year, historically and by lectures. An examination upon the lectures is given weekly, and the students' note-books are regularly examined and graded. At the close of each term essays are required on philosophical subjects.

FIRST TERM.—Ancient and Mediæval Philosophy. (India, China, Persia, Greece, Alexandria, Rome, the Schoolmen.) Prominent attention is given to the Platonic and Aristotelian systems, not only considered in themselves, but especially as influencing subsequent speculation.

SECOND TERM.—Modern Philosophy, from Occam to Comte, Hamilton, and Mill. (The German, French, Scotch, and English Philosophers.)

BOOKS OF REFERENCE.

Brucker's *Historia Critica* ;  
 Ritter's *History of Philosophy* ;  
 Archer Butler's *Lectures on Ancient Philosophy* ;  
 Maurice's *Moral and Metaphysical Philosophy* ;  
 Lewes's *History of Philosophy* ;  
 Morell's *Speculative Philosophy of Europe in the 19th Century*.

In the Third Term the Seniors study Butler's *Analogy*.

### IX.—Modern Languages.

The Modern Languages are taught at present in the Senior Year. A course either of French or German is given to each Class. The following text-books are used :

Fasquelle's *French Method* ;  
 Fenelon's *Telemaque* ;  
 Douai's *German Grammar* ;  
 Follen's *German Reader*.

### X.—Christian Evidences and Biblical Exegesis.

The Historical Evidences of Christianity are studied in the Third Term of the Junior Year. Bishop McIlvaine's *Work* has been employed as a text-book.

The instruction in Biblical Exegesis is systematic, one recitation a week being given to the subject throughout the College Course. In the Junior and Senior Years the Gospels and Epistles are studied in the original.

A course of lectures on Old Testament Prophecy is given to the Senior Class by the Assistant Bishop of the Diocese.

# LAWS AND REGULATIONS.

---

## **Terms and Vacations.**

The Public Commencement is held on the last Thursday in June of each year.

The First Term begins ten weeks after Commencement, and continues Fifteen Weeks.

The Second Term begins two weeks after the close of the First, and continues Twelve Weeks.

The Third Term begins two weeks after the close of the Second, and continues Eleven Weeks.

For particular dates, see the Calendar.

## **Attendance.**

Prompt attendance is required at the beginning of the Term. Students who are not in their places at the opening of the Term, must present written excuses from their parents or guardians for the delay.

No student can be absent during the Term without special leave from the Faculty. The absence of a student, even for a few days, either at the beginning, or during a Term, interferes with his progress much more than parents and guardians commonly suppose, and they are earnestly requested not to give their consent to any such absence except for very urgent reasons.

Every student is required to attend punctually upon all the academical and religious exercises. In case of necessary absence from any exercise, the student must inform the officer in charge, beforehand, if possible; if not possible, he is required to present his excuse as soon as may be after the absence has occurred.

No absence which has been once reported to the Secretary of the Faculty, can be excused except by special vote of the Faculty.

Students are not allowed to absent themselves from town without permission from the President.

### **Examinations.**

Examinations of all the classes are held at the close of each term, or three times in the year. These examinations continue from four to six days, and are conducted both orally and in writing. The oral examinations are open to the public. The examinations have an important bearing on the rank of the student, and sometimes on his continuance in College.

Students who are prevented by sickness, or any other unavoidable necessity, from appearing at the Class Examination, may be examined separately, but only *after* the regular examination; and no student, under any circumstances, is regarded as having made good his standing, or kept his term, till he has passed a proper examination in the studies of such term.

### **Public Worship.**

Students are required to attend Daily Morning and Evening Prayers in the College Chapel.

Public Services are held in the Chapel twice on Sundays, and on the principal Holy-days of the Church. The attendance of the students is in all cases required.

### **Matriculation.**

Matriculation gives accredited membership in the Institution, and entitles the student upon whom it is conferred to an honorable dismissal from the College, should he have occasion for it, and renders him a proper candidate for the Degrees and Honors of the College. No student, even after his admission to College, is admitted to matriculation, until he shall have sustained a satisfactory probation of *at least* one Term, and established a personal claim to the confidence of the Faculty. Should any student, after matriculation, abuse the confidence on which that act proceeds, he may be reduced to the condition of a Probationer, and further disciplined, as the case may require.

### Discipline.

By absence from recitation or failure to prepare a lesson, without excuse, a student will incur from *two* to *ten marks* of demerit; by tardiness at recitation, *one mark*; and by misconduct during recitation or examination from *one* to *ten marks*.

By absence from Church, or leaving Church without satisfactory excuse, a student will incur *two marks* of demerit; by tardiness at Church, or absence from Morning or Evening Prayers, *one mark*; and by misconduct, during Religious Service, from *one* to *ten marks*.

At the close of each term, the number of marks of demerit of each student will be reported by the President to his Parent or Guardian.

When any student's marks of demerit amount to *fifteen*, he will be privately admonished; when they amount to *thirty*, he will be unmatriculated, and notice of the same will be sent to his Parent or Guardian; and when they amount to *forty-five*, his connection with the College will cease.

Every student, upon admission to the College, is required to sign a Pledge, that he will not, so long as he continues a member of the College, engage in any of the practices commonly known as "hazing," "packing," or "putting through," or in any way whatever interfere with the property, or molest the persons of pupils of the College who shall be at any time members of the Freshman Class.

Students will be liable to suspension or dismissal for any act of wilful disobedience to College rules, or flagrant violation of order, or whenever, in the judgment of the Faculty, they are pursuing a course of conduct detrimental to themselves and the College.

### Scholarship.

The Scholarship of undergraduates is marked and reported as follows:

Every student at each recitation is marked, unless excused, from *zero* to *ten*, according to the merit of his performance.

When any student absents himself from a recitation, unexcused, he is marked *zero*. In case the absence is excused, he is permitted to make up the omitted exercise in private, and is credited with the estimated value of his performance.

Whenever the average grade of a student, in any department, for any term, is less than *four*, he is counted deficient, and will not be passed to full standing in the department until, after further preparation, he shall have passed a satisfactory examination.

All students who, at the beginning of the Academic Year, have deficiencies outstanding in any department, will be starred in the Catalogue as not in full standing.

Whenever the deficiency in scholarship of any student is such that his continuance in College shall be deemed inexpedient, his name will be dropped from the College roll.

At the close of each term, the average grade of each student in each of his departments will be reported by the President to his Parent or Guardian.

At the close of each Academic Year, an Annual Scale will be formed for each Class, by reckoning up the work of that year alone, without regard to the credits obtained in former years; and the Annual Rank thus determined of *the first half of the Class* will be printed, with the *per cent.* of each student annexed, and a copy sent to parents and guardians.

The total of annual delinquent marks will affect the Scale in the following proportion:—Every *ten* delinquent marks will cause a deduction of *one per cent.* from the average of grades.

On the Commencement Programme of each graduating Class will be printed the first half of the Scale for the whole College Course, and also the first half of the Annual Scale for the Senior Year.

Students who enter at an advanced standing will receive their average grade for the time previous to their admission.

### HONORS.

At the Public Commencement of each graduating Class, the four students who have received the highest grades for the whole College Course, will be classed as Honor Men, and will be awarded Orations. The orations will be entitled

The Valedictory Oration,  
The Greek Oration,  
The Latin Salutatory Oration,  
The English Philosophical Oration.

The Valedictory Oration will always be assigned to the

student of highest merit. The other orations will not necessarily follow the order of Honors, but will be so assigned as, in the judgment of the Faculty, shall best correspond with the taste and special proficiency of each student.

The Greek Oration may be written either in the Greek Language, or in English, upon some subject of Grecian History, Philosophy, or Letters.

Any student who for his whole College Course shall have attained a grade of *ninety-seven per cent*, will be honored with an Oration *summa cum laude*.

In the Annual Catalogue will be published the names of the Honor Men of the six graduating Classes next preceding the publication of the Catalogue.

No student entering at advanced standing as late as the Senior Year will be considered a candidate for honors, unless his proficiency be deemed worthy of extraordinary commendation.

The students of the graduating Class who stand on the Rank List next in order to the Honor Men, will receive Dissertations as their Commencement Parts. Those of lower grade will be assigned Essays.

### Degrees.

BACHELOR OF ARTS.—The Degree of Bachelor of Arts is conferred, on the payment of the usual fee, upon all students in full standing who are approved at the final examinations of the Senior Class.

MASTER OF ARTS.—The Degree of Master of Arts is conferred in course upon all Bachelors of Arts of three years' standing, provided they shall, in the interval, have sustained an honorable reputation as scholars and alumni of the College. The Master's Degree is also conferred, under the same circumstances, upon graduates of longer standing. Application should be made to the President, either personally or by letter, as early as the Monday before Commencement. The fee, including the Diploma, for either the Bachelor's or Master's Degree, is *five dollars*, payable in advance.

### Assistance.

The MUENSCHER and STRONG SCHOLARSHIP FUNDS, amounting to between eleven and twelve thousand dollars, are available

If a student occupies a whole room, the charge for rent is double that stated above. The expenses at graduation, including the cost of Diploma, are additional to the above. There are also some minor expenses, consisting of taxes voluntarily imposed by the students in their Classes and Literary Societies.

FUEL is supplied by the Agent of the College, and must be paid for in Advance, at the same time with the bill for tuition.

BOARD can be obtained either in clubs or in private houses. The price of board is at present, in clubs, about \$3.00, in private houses, \$4.00 per week.

The rooms are furnished with stoves; but students provide for themselves beds, furniture, lights, books, stationery, and washing. Furniture may be sold, as well as bought, at second hand, and the expense incurred by its use will not be great.

The following estimate may be given of the necessary annual expenses:

College Bill,	-	-	-	-	-	-	\$ 67	\$ 67
Boarding,	-	-	-	-	-	-	114 to	152
Fuel,	-	-	-	-	-	-	20	20
Washing,	-	-	-	-	-	-	15 to	20
Lights,	-	-	-	-	-	-	4 to	8
Total,							<hr/> \$220 to \$267 <hr/>	

The above estimate is exclusive of expenses in vacations. The allowance for clothing and pocket money will, of course, vary with the economy of the student. Parents are respectfully advised not to allow their sons a greater amount of money than is sufficient to pay the ordinary and reasonable expenses; as experience has shown that nothing is more dangerous to the character and scholarship of a College student than a free indulgence in the use of money. Especially are parents urged not to permit, without due consideration, the purchasing of articles *on credit*, a liberty which is continually tempting to extravagance and irregular habits.

# LITERARY SOCIETIES.

There are two Literary Societies, the PHILOMATHESIAN, and NU PI KAPPA. The meetings are held every Wednesday Evening, the exercises consisting principally of orations, essays, debates, and practice in extempore speaking. The Society Halls, which are very commodious, and have been fitted up at great expense, occupy the whole of the second and third stories of the central portion of ASCENSION HALL. The Society Libraries occupy eight rooms on the first story of KENYON HALL.

# COURSE OF STUDY AND REGULATIONS.

---

## **Preparation for College.**

The special work of the Grammar School is the preparation of boys for College. The School is divided into six Forms, each having a definite work to do, which work the pupil must thoroughly finish before he can pass to the next higher Form. At present, for the want of school-room and dormitory accommodations that are suitable for young boys, the two lower Forms can not be organized; but it is hoped that before the beginning of another school-year such arrangements will be made as will enable the school to do the work of primary instruction efficiently. In the first three Forms the pupil is kept upon English studies exclusively. On entering the fourth Form he begins Latin and Written Arithmetic, and continues the study of Mental Arithmetic, Geography, Reading and Penmanship. In the fifth Form he begins Greek, and is required to finish the Latin Reader and four books of Cæsar's Commentaries, Written Arithmetic, Commercial Arithmetic and Book Keeping. In the Sixth Form he finishes three books of Xenophon's Anabasis, and one book of Homer's Iliad, two of Cicero's Orations, and four books of Virgil's Æneid, Ray's Elementary Algebra, and one book of Geometry, besides studying an outline of Ancient History and Geography, and reviewing the earlier studies of the Course.

## **Preparation for Business.**

Boys who are not intended for College can pursue a course that is more especially designed to fit them for Business. Those who are prepared for admission to the Fourth Form are required from that time forward to study Latin, the regular course of Mathematics, and either German or French in the place of Greek. As thorough instruction is given to such

pupils as to those who are preparing for College, but their studies, except in Modern Languages, must be pursued with the regular classes in the prescribed order. A special course of lessons in Penmanship is given by a professional teacher of penmanship.

### **Examinations.**

There are, during every week, five recitations in each study, Wednesday afternoon and Saturday afternoon being half holidays. At every recitation the lesson of the previous day is reviewed. The last recitation of each week, however, is occupied in a review of the work done during the week. Every four weeks an entire day is given to the examination of the different classes in the work done during the month. At the close of each term an examination is held, the result of which determines whether or not the pupil can continue in the Form to which he belongs. At the close of the school year an Annual Examination is held, by the result of which is determined the question whether or not he shall be promoted to the next higher Form. The examination of the Sixth Form is in writing, and no one whose papers average less than 75 per cent. of correct answers can be recommended for admission to College.

### **Text-Books.**

The list of Text-Books now in use is here given. It would be well, however, for pupils to defer the purchase of books until they have entered the school and found with certainty what they will need. In text-books, as in other respects, the system of instruction in the Grammar School is designed to harmonize with that pursued in the College;—hence the use of Andrews's and Stoddard's Latin Grammar and Sophocles's Greek Grammar. Should a change of text-books be at any time contemplated, announcement of the proposed change will be made in advance, when that is possible.

### **English Studies.**

Reading—McGuffey's Series.

Spelling—Worcester's Spelling Book.

Modern Geography—Guyot's Intermediate.

Ancient Geography—Mitchell.

History of Greece and Rome in Worcester's Elements.  
 Book Keeping—Fulton and Eastman.  
 English Grammar—Quackenbos.  
 Rhetoric—Quackenbos.

### **Mathematics.**

Mental Arithmetic—Ray's Primary and Second Part.  
 Written Arithmetic—Greenleaf's Common School.  
 Commercial Arithmetic—Ray's Higher.  
 Algebra—Ray's New Elementary Algebra.  
 Geometry—Legendre.

### **Latin.**

Latin Grammar—Andrews and Stoddard.  
 Latin Reader—Andrews.  
 Cæsar's Commentaries } Hanson's Preparatory Latin Prose  
 Cicero. } Book.  
 Virgil's Æneid—Frieze.

### **Greek.**

Greek Grammar—Sophocles.  
 Greek Lessons—Sophocles.  
 Xenophon's Anabasis—Boise.  
 Homer's Iliad—Owen.

### **Modern Languages.**

French Grammar—Fasquelle.  
 French Reader—Fasquelle.  
 German Grammar—Woodbury.  
 German Reader—Adler.

### **Books of Reference.**

Webster's Unabridged Dictionary.  
 Andrews's Latin Lexicon.  
 Liddell and Scott's Greek Lexicon.  
 Doederlein's Latin Synonyms.  
 Anthon's Classical Dictionary.  
 Smith's Dictionary of Greek and Roman Antiquities.  
 Long's Classical Atlas.

### **Religious Instruction.**

Pupils are required to attend Morning and Evening Service at Rosse Chapel on Sunday, and Morning and Evening Prayers every day at Milnor Hall. An effort is made to render the exercises at Daily Prayers something better than a mere formality. The order of Bible Lessons is that marked out in the Church Calendar, and the whole spirit of the service is intended to be of a Church character.

A Bible Class for the benefit of members of the Grammar School is conducted by the Head Master every Sunday. Attendance upon this exercise is optional with the pupil.

### **Admission.**

It is desirable that boys who are to go through the course at the Grammar School should enter at an early age.

Applicants for admission to advanced standing must pass an examination upon the studies of the lower Forms. After the examination they are placed in the Form for which they seem to be, on the whole, best fitted. In all cases in which there is any hope of success in the effort, an effort is made by private instruction to bring up such pupils in the studies wherein they are deficient, rather than put them back in those in which they are more advanced.

### **Expenses.**

As the school is now organized, there are three classes of pupils.

1. Those who room in Milnor Hall and board in the family of the Head Master.

These pay \$300 a year for Tuition, Room-rent, Incidentals, Board, Fuel, Washing and Lights.

2. Those who room at the Hall and board elsewhere.

These pay—for Tuition, \$36; for Room-rent, \$15; for Fuel, \$15, and for Incidentals, \$9.

3. Those who room and board elsewhere than at the Hall.

These pay—for Tuition, \$36, and for Incidentals, \$9.

Bills must be paid in advance—that is, at the beginning of each Term, in proportion to the length of the Term.

The Tuition Bill of \$36 is remitted to the sons of such

clergymen, canonically resident in the Diocese of Ohio, as may desire it.

No others will receive tuition free except by special arrangement.

Pupils should, if possible, enter at the beginning of the Term. They will be expected to remain until the close of the Term during which they enter, and no deduction will be made from the amount prepaid, if they are withdrawn earlier, or for absence.

It is not at all desirable that any pupils should remain at the Hall during vacation. Those who find it absolutely necessary to do so, will pay \$6 per week, and also for any instruction they may receive.

It is desirable that all who room at the Hall should also board there. *After the present Term (the Autumn Term of 1867) no new pupils will be received into the Hall except as Boarding Pupils.*

### Hints to Parents.

When you send your son to the Grammar School, see to it that he comes provided with a Bible and Prayer Book; a good supply of substantial clothing—particularly of under-clothing; and the following articles: 3 Sheets, 3 Pillow-cases, 6 Towels, 1 pair of Blankets, 4 table Napkins, a large calico Sack for his washing, and a Napkin Ring.

Have every article distinctly marked with the owner's name in full.

Give him as little spending money as you think will answer his purpose, and hold him to a strict account of what you give him. That course may be as well as to place it for his benefit in the hands of the Head Master. But remember that *the worst thing you can do for your boy, while at school, will be to allow him the irresponsible use of considerable sums of money.*

When he goes from you tell him to bear his part in the new life before him like a man, and that whatever difficulties he may meet with at first, he must stay until he finishes his course.

Try to retain your hold upon him by long and frequent letters. Nothing does the school-boy so much good as these. He ought to receive from home at least one letter every week.

If your son writes home complaining letters, correspond promptly and plainly with the Head Master. If you become satisfied that there is just cause for complaint, and that the wrong done is not likely to be righted, remove him from the school; but pending such a decision, avoid encouraging him to dissatisfaction by imprudent sympathy.

Do not expect favorable reports of your boy's progress and conduct as a matter of course. He may be as apt and as unexceptionable as you think he is, but it is possible that he is less so. Encourage the Head Master to perfect frankness, by receiving his report, when unfavorable, in a kindly spirit, and try to believe that he is doing all in his power to fit your boy for a useful and honorable career.

### **Divisions of the School Year.**

There are Three Terms and Three Vacations in each year, corresponding to the divisions of the Collegiate year. For particulars see the College Calendar.

### **Literary Societies.**

Connected with the School there are two Literary Societies, the PHI DELTA and the ATHENIAN. The members of these Societies have access to the Libraries of the College Societies.

## REQUISITES FOR ADMISSION.

---

Candidates for admission to the Freshman Class must sustain an examination in the following studies:—

LATIN—Grammar, including Prosody; Latin Prose Composition; Cæsar's Commentaries, Three Books; Cicero, the Four Orations against Catiline; Virgil's *Æneid*, Four Books; or the whole of Dr. Smith's *Principia Latina*, Part 2d.

GREEK—Grammar, including Prosody; Xenophon's *Anabasis*, Two Books; Homer's *Iliad*, One Book.

MATHEMATICAL—Arithmetic; Ray's *Higher Algebra*, to Chap. vi.; Three Chapters of Tappan's *Geometry*.

ENGLISH—Grammar; Modern Geography; Ancient Geography, Mitchell's; Ancient History, Worcester's *Elements*, the parts relating to Greece and Rome.

Fair equivalents for the prescribed requisites will be accepted.

If a student is farther advanced in some studies of the College course than in others, Greek, for example, he may enter the classes for which he is prepared. Opportunities are furnished to such irregular students to make up the defective study by extra labor.

The requirements for admission have been made as moderate as possible, in the hope of securing thoroughness in preparation.

Three years should be devoted to the work of special preparation. In *Latin* begin and end with the Grammar. Andrews and Stoddard's is preferred. In connection with the Grammar, study some elementary Reader, such as Arnold's *First Latin Book*, edited by Harkness. The exercises should

be both written and repeated orally. Parse every word; and keep up a systematic drill of this sort to the last. Use Arnold's Latin Prose Composition. Caesar's Commentaries should be read with constant reference to Ancient Geography.

To the study of *Greek* the same remarks may be applied. Sophocles's Grammar is preferred; but Hadley's, Crosby's, and Bullions and Kendrick's (new edition) are all good.

Some simple Reader, or Companion Book of Exercises, should be used in connection with the Grammar. But it is not worth while to linger very long on elementary sentences.

The study of Greek and Roman History should be pursued in connection with Ancient Geography. Use the Atlas. A Hand-Book of Mythology, (Baird's Classical Manual,) should be studied in connection with Virgil and Homer. A good Classical Dictionary and a Dictionary of Antiquities are necessary to every classical student.

The facilities for preparation in *Mathematics* are so abundant that the full measure of the requirements is in all cases expected. Especial thoroughness is demanded in Algebra, as success in the higher Mathematics is absolutely dependent upon a clear comprehension and ready handling of algebraic processes.

The regular Examination for admission to College takes place on the Monday preceding Commencement, beginning at 9 o'clock, A. M. Another examination is held on the day before the opening of the Christmas Term, at the same hour. Students may be examined for an advanced standing at any time before the commencement of the second term of the Senior year.

Candidates for admission must present testimonials of good moral character; and if they come from other Colleges, certificates of dismissal in good standing.

Candidates for advanced standing will be examined in the studies previously pursued by the classes which they propose to enter. In the case of students from other Colleges, the Faculty may remit the entrance examination.

# LAWS AND REGULATIONS.

---

## Terms and Vacations.

The Commencement is held on the last Thursday in June of each year.

The Terms are named from the principal ecclesiastical day which occurs near the close of each.

For particular dates, see the Calendar.

## Attendance.

Students not in their places at the opening of the Term, must present written excuses from their parents or guardians.

No student may be absent during the Term without leave. Parents and guardians are requested not to give their consent to any absence.

Students are required to attend Morning and Evening Prayers in the College Chapel, also the public Services on Sundays, and on the principal Holy-days of the Church.

## Matriculation.

Matriculation gives accredited membership in the Institution, entitles the student to an honorable dismissal from the College, should he have occasion for it, and renders him a proper candidate for Degrees and Honors. No student is admitted to matriculation until he has sustained a satisfactory probation of *at least* one Term. For misconduct after matriculation, he may be reduced to the condition of a Probationer.

## Degrees.

The Degree of Bachelor of Arts is conferred upon all students in full standing who are approved at the final examinations of the Senior Class.

The Degree of Master of Arts is conferred upon all Bachelors of Arts of three years' standing, who have sustained an honorable reputation as scholars and alumni of the College. Application should be made to the President, either personally or by letter, as early as the Monday before Commencement. The fee, including the Diploma, for either Degree, is *five dollars*, payable in advance.

### Literary Societies.

There are two Literary Societies, the *Philomathesian*, and *Nu Pi Kappa*. The meetings are held every Wednesday Evening, the exercises consisting principally of orations, essays, debates, and practice in extempore speaking. The Society Halls, which are very commodious, and have been fitted up at great expense, occupy the whole of the second and third stories of the central portion of Ascension Hall. The Society Libraries occupy rooms on the first story of Kenyon Hall.

### Libraries.

The Libraries to which the Students have access are as follows:

The Libraries of the Theological Seminary and College, containing about 8,000 volumes.

The Library of the Philomathesian Society, 4,609 vols.

The Library of the Nu Pi Kappa Society, 4,510 vols.

### Assistance.

Students having the ministry in view are assisted on making the requisite application to the various Education Societies of the Church: the Education Committee of the Diocese of Ohio, the Evangelical Education Society, and the Society for the Increase of the Ministry. Tuition fees are remitted to the sons of Clergymen canonically resident in the Diocese of Ohio. Meritorious students of the College or Grammar School, whose circumstances require it, may, at the discretion of the Faculty, engage in teaching, for which opportunity often occurs without the necessity of leaving Gambier.

### Expenses.

Each room is sufficiently large and convenient to accommodate two students. The rooms are provided with stoves, and are neatly painted and papered by the College. No student will be allowed to room alone except by special permission.

The College bill is payable in advance, one-third at the beginning of each term. The charges for Tuition, Room-rent, and Incidentals, are \$67 per annum. If a student occupies a whole room there is an additional charge of \$5 per term for rent and \$20 per annum for fuel. There are also some minor expenses, consisting of taxes voluntarily imposed by the students in their Classes and Literary Societies, and the expenses at graduation.

*Fuel* is supplied by the Agent of the College, and must be paid for in advance, at the same time with the bill for tuition. The charge is \$20 per annum.

*Board* can be obtained either in clubs or in private houses. The price of board is at present, in clubs, about \$3.00; in private houses, \$4.00 per week. The expense for Washing is \$15 to \$20 per year, and for Lights, \$4 to \$8.

The rooms are furnished with stoves; but students provide for themselves beds, furniture, lights, books, stationery, and washing. Furniture may be sold, as well as bought, at second hand, and the expense incurred by its use will not be great.

Parents are advised not to allow their sons a greater amount of money than is sufficient to pay the ordinary and reasonable expenses.

### Expenses.

Bills of Boarding Pupils for all School Expenses, \$300 per annum.

Tuition of Day Pupils, \$45 per annum.

All Bills must be paid at the beginning of each Term, and no deduction will be made for absence during a Term, unless caused by sickness.

### To Parents and Guardians.

Experience has shown that much more money is expended during the year by the boys than is good for them. Parents and Guardians are therefore earnestly requested to co-operate with the Principal in giving effect to the following rules, in order to advance the discipline of the School and diminish the expenses of pupils :

1. Pocket money must be sent directly to the Principal, to be by him paid over to the pupil, the parent or guardian naming the amount that he wishes allowed—subject to the discretion of the Principal.

2. Parents and guardians will not remit to pupils directly for any purpose.

3. Parents will settle all School Bills with the Principal directly—not through pupils.

4. Parents and guardians are requested to forbid their wards to contract debts.

5. These rules apply only to pupils who are minors.

Each boy is expected to bring a Bible and Prayer Book, a good supply of substantial Clothing, and the following articles :—2 Blankets, 3 Sheets, 4 Pillow-cases ; 6 Towels, 6 Table Napkins, Napkin Ring ; Thread, Yarn and Buttons, for Mending ; a large strong Sack for Clothes. Every article should be marked distinctly with the owner's name in full.

As the Rooms are large enough to accommodate two boys each, no one will room alone except upon payment of an extra charge for room-rent, fuel, lights and care of room.

Pupils who remain during vacation time are charged \$6.00 per week for board.

### New Building.

A new School Building has been added to the accommodations, having large and airy rooms for study and for the Literary Societies.

# REGULATIONS.

## **Admission.**

Any Candidate for Orders in the Protestant Episcopal Church in the United States may, on examination, be received as a Student in the Seminary; and any other person who may give sufficient evidence of a fair moral and religious character.

## **Examinations.**

Candidates for admission, not Bachelors of Arts, must pass a satisfactory examination in the Latin language, and in classical and Hellenistic Greek, in the general principles of Natural, Intellectual, and Moral Philosophy, and Rhetoric. They will also be required to read an Original Composition.

Under proper restrictions, and under the direction of the Dean, students may avail themselves of the facilities furnished by Milnor Hall Grammar School and Kenyon College, to prepare to enter the Seminary, without a Diploma. In this case a certificate from the College Faculty, that they have successfully pursued the required studies, will be accepted in lieu of an examination. Candidates for the Ministry who take this course must exhibit the permission of their Bishop.

Candidates for admission to an advanced standing, must pass an examination in all the studies which the class they desire to enter, has pursued.

A public examination of each class is held previous to the Annual Commencement; and Certificates are awarded to those who on the final examination are found to have successfully pursued the full course of study.

### **Matriculation.**

Every Student, on being admitted to full standing, must subscribe the following declaration in the Matriculation Book of the Seminary :

" We, the subscribers, Students in the Theological Seminary of the Protestant Episcopal Church in the Diocese of Ohio, do solemnly promise, with reliance on Divine Grace, that we will faithfully obey the laws and prosecute the studies thereof, endeavor to promote the reputation and interests of the Seminary, and make daily efforts, by pious reading, self-examination, and secret prayer, to cultivate all religious and moral dispositions and habits, and grow in those graces which should characterize the Christian and the Minister of the Cross."

The day of Matriculation is determined each year by the convenience of the Bishop, occurring, however, always in the month of December.

### **Seminary Year.**

The Seminary Year extends from the first Thursday in October to the last Thursday in June. It is divided into three Terms, as follows :

TRINITY TERM.—From 1st Thursday in October, until Christmas Day.

CHRISTMAS TERM.—From New Year's Day, until Passion Week.

EASTER TERM.—From Easter Monday, until Commencement.

During the Christmas Recess, Students have leave of absence.

During Passion Week recess, only recitations are suspended.

Every Student is expected to be present on the first day of the Term.

### **Course of Study.**

The Course of Study embraces eight Departments, and extends through Three Years, as follows :

On Monday evenings, members of the Seminary in turn read portions of the Services; one of the Middle Class reads the scheme of a sermon, and extemporizes; one of the Senior Class delivers a sermon under the direction of the Professor of Sacred Rhetoric. These exercises are attended and criticised by the Faculty and the Bishop.

#### LECTURES ON NATURAL SCIENCE AND THEOLOGY.

A course of Lectures on Natural Theology in connection with Science, and with special reference to recent objections, is given. Occasional Lectures are also given in furtherance of the same object by the Bowler Professor of Natural Science in Kenyon College.

Students are allowed to attend, gratuitously, any recitations in Kenyon College, provided they do not interfere with the appropriate duties of the Seminary.

#### Laws.

Theological Students are not expected to need discipline. The few laws which exist relate, principally, to what will tend to mutual convenience. A copy of these Rules is placed in each room.

Every Student is expected to obtain leave before being absent from any recitation.

#### Expenses.

No charge is made for instruction, room rent, permanent furniture, or use of Library. Text Books and moveable furniture (such as bedding, towels, &c.,) are to be provided by the Students; they will be furnished to Beneficiaries.

Aid will be given to properly qualified students, by scholarships, or by the Education Committee of the Diocese.
